SUPPLEMENTAL TRANSMITTAL LETTER

Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

The present application is a continuation application of U.S. patent application Serial Number 09/058,467, filed April 9, 1998, entitled "CARBON MONOXIDE AND SMOKE DETECTION APPARATUS", which claims priority from provisional U.S. patent application Serial No. 60/055,009, entitled "SMOKE AND GAS DETECTORS," filed August 7, 1997.

The specification has been amended to incorporate the changes made during the prosecution to date of the parent application.

The claims of the present application, claims 1-21, correspond to claims 20-24, 48, 49, 42, 44 and 52-63, respectively, in the form they would have been in had they not been canceled without prejudice or amended (claim 44) in order to advance the prosecution of the allowed claims.

The applicants would request that the claims of the present application be favorably considered for the same reasons previously advanced during the prosecution of the parent application.

Respectfully submitted,

BY Lawrence J. Chapa
